Articles

Liu, B. et al. (2021). [Improving Neural Network Robustness through Neighborhood Preserving Layers](#), arXiv.org.

Abbaspourazad, A. et al. (2021). [Multiscale low-dimensional motor cortical state dynamics predict naturalistic reach-and-grasp behavior](#), Nature.

Squair, J. W. et al. (2021). [Neuroprosthetic baroreflex controls haemodynamics after spinal cord injury](#), Nature.

WenJie, S. and Xuan S. (2021). [Vertical federated learning based on DFP and BFGS](#), arXiv.org.

Roux, F. et al. (2021). [Oscillations support co-firing of neurons in the service of human memory formation](#), biorXiv.org.

[The future of data protection: what we expect in 2021](#), Access Now, January 2021.

[The Human Brain Project: Navigating Brain Networks](#), Impact GÉANT, January 2021.

Events

February 24-25, 2021, virtual - [The Replication crisis in science and the role of foundations in tackling it](#) [EFC].

March 23-24, 2021, virtual – [AI UK](#) [The Alan Turing Institute].

March 23-25, 2021, virtual - [The age of implementation](#) [MIT Technology Review's annual event].
